Claim 1 (canceled)

Claim 1 (currently amended)

A method for repelling the common house fly and members of the house fly family by refraction of light, comprising:

- (a) a sealed, firm, clear plastic container enclosing a clear liquid that occupies 90 percent of the container's available volume,
- (b) a sealed, flexible, clear plastic container enclosing a clear liquid that occupies 90 percent of the container's available volume.
